

# Thomas Barrell

Address: 152 Rooty Hill Road North, Rooty Hill

Contact details: 0414 507 330

Email: thomas.barrell@live.com.au

My passionate for film stems from the thought that it is an art form that communicates a message to its audience no matter how serious or corny it may be. Sometimes this message can be so emotionally thought provoking that it sparks something within the viewer's mind that is why I want to be a part of this industry. I am a strong and great communicator with a motivated and enthusiastic work ethic. I am polite, outgoing, confident, proactive, and have a great sense of humour.

## EDUCATION

---

- **University of Western Sydney:** Bachelor of Communication (Honours) major in Media Arts Production, sub major in Performance completed 2012
- **Mt Druitt TAFE:** Certificate 2 in Live Production, Theatre and Events completed 2007
- **Rooty Hill High School:** High School Certificate completed 2007

## DEMONSTRATED SKILLS

---

**From my university studies, film production experience, work history and everyday life I am highly proficient in:**

- Setting up and organising equipment for live theatre events.
- Studio set-ups that includes sets, lighting and cameras.
- DSLR cameras.
- PC and Macintosh operating systems.
- Final Cut Pro (both 7 and X)
- Adobe Suite: Adobe Premiere, Adobe After Effects, Adobe Photoshop.
- Teaching others about the film industry and everyday processes.
- Written and verbal communication skills, I am a talker and I love to connect with clients and customers on a down to Earth, personal level.

## WORK HISTORY

---

**NSW Business Chamber: November 2017-Present**

**Job Position:** Senior Multimedia Coordinator

**Duties:** I look after Skillsroad which is an online platform that empowers youth looking for work with the tools that are needed to help find them a job. We produce video content

for the website, so I help our clients from the preproduction stage right through to post and promotion. I ensure we get their organisation out there as an industry leader, so that they are promoted to young people as a means to guide them to undertake work for them.

**Las Rosas (CuriousWorks Production): January 2014-October 2017**

**Position:** 1<sup>st</sup> Assistant Director

**Duties:** Since the planning stages back in January I helped arrange the story, helped on auditions and helped the director with anything she needed. During the production stage I arranged call sheets, helped the director out and made sure her vision was realised. I also made sure the set was safe for everyone and took care of any issues that arose.

**Project: Beranga North St Marys: March 2017-June 2017**

**Position:** Facilitator

**Duties:** Along with another facilitator we lead workshops with children at a drop in centre to help them express their thoughts and opinions through film. I helped them create the story and develop their idea further, along with teaching them the basic fundamentals of film. They acted it out and filmed it. At the end I put it together for them to watch with their family and friends to showcase their talents.

**Shine Australia: July 2014-September 2014**

**Job Position:** Runner

**Production:** Beauty and the Geek Series 6

**Duties:** Assisting on set, going on rushes runs, looking after cast, driving cast to location, keeping the office clean and tidy, getting lunch for make up and various crews, packing the unit van, setting up unit and delivering PCs to crew members for our accountant.

**Vibewire: July 2013-July 2014**

**Job Position:** Video Journalist/Multimedia Coordinator

**Duties:** I was in charge of the interns for the video department. I looked after all the video journalist interns and delegated jobs to everyone as well as making sure they were all up to date and meeting deadlines. I also filmed and edited many projects.

**REFEREES**
